Private Music Teacher List

Save Our Kids' Music is providing the following list of private music teachers as a resource for parents. Private lessons provide one on one instruction for students that supplement the learning they receive in a group setting. SOKM does not endorse any particular teacher. It is the responsibility of the parent and student to find a teacher that is suitable for the learning style and temperament of the student. Scheduling, in-person/on-line, and fee discussions are to be made between the teacher and the parent.
